Bow Thruster Accessories

GRP Tunnels

Manufactured from fully isophthalic resin and pre-gel coated, Max Power 's high quality tunnels have the added advantage of a first coat of matt before being filament wound. Cutting and drilling can therefore be carried out without the risk of damaging the gel coat on the inside surface of the tunnel.

Stern Adaptors

Also manufactured from fully isophthalic resin. Max Power 's range of stern adaptors are SMC moulded (sheet moulding compound) in a male / female steel mould. This ensures perfect resin fibre ration and exceptional reproduction of form.

Thruster Model	CT35 / CT45	CT60 / CT80 / CT100 / CT125	CT165 / CT225	CT325
Tunnel Diameter	125mm	185mm	250mm	315mm
Tunnel Lengths		Reference		
750mm	MPOP2205	MPOP2110		
1000mm	MPOP2208	MPOP2080	MPOP2130	
1500mm			MPOP2140	MPOP202000
2000mm			MPOP2145	MPOP202010
2500mm	MPOP2210	MPOP2105	MPOP2155	
Stern Adaptor	MPOP2135	MPOP2160	MPOP2170	MPOP2175
Stern Adaptor Fixation Kit		MPOP2180 (All models)

Mounting Bases

Mounting bases to suit all of our retractable thrusters are available to facilitate installation. Manufacturing from isophthalic GRP, they can be easily integrated into new builds or retro-fitted. Aluminium yachts are catered for with suitable aluminium flanges. These are designed to be welded to the top of a mounting base constructed in the hull.

Reference	Description	Suitable for
RT085019	Aluminium Flange	Compact Retract™
RT085020	GTP Mounting Base	Compact Retract™
VP082061	Aluminium Flange	VIP150 ELEC—VIP 150 HYD
VP082040	GRP Mounting Base	VIP150 ELEC—VIP 150 HYD

Cascade Charger

Greatly simplifying the use of 24v thrusters on 12v yachts, the Cascade Charger efficiently charges the thruster's batteries using the yacht's original 12v bank as its power source. Designed specifically for this task, the Cascade Charger includes a multitude of monitoring and safety features.

Other Electrical Accessories

Accessory	Detail	Reference
Control Cable	100m	MPOP3184
Electrical Battery Isolator	12v	OPT13160/3
Electrical Battery Isolator	24v	OPT13170/3

MAX
POWER

Mounting Bases

Max Power offers a range of calibrated fuses specifically selected by model and tested to offer an increased level of protection over standard ANL fuses. Chosen taking into account each fuse 's specific blow curve. Max Power fuses match the requirements of each thruster system.
